Symbol Legend

Look for these icons throughout this flyer to identify products with special benefits
or important ordering information:

Assembly
required.

Products made
with at least 10%
total recycled
content.

Products that
must be
shipped freight.

Items that
cannot be
returned.

Identifies
value packs.

Because there is no universally accepted standard to designate products as environmentally preferable, we have adopted the green leaf symbol to highlight products that have one or more of the following attributes: reduced VOCs, compostable, biodegradable, contains recycled content, or other environmental attributes that make this product¹ less harmful to the environment or humans, when compared to its traditional counterparts. Many of the products marked with the green leaf symbol have been endorsed by third-party certifying organizations, and where applicable, the certifying body's logo appears next to the product's name. Please note that we have not independently verified the environmental attributes.¹ These environmental attributes refer to the products themselves and not the processes for manufacturing and transporting the products.
