## HON Coordinate™ Height-Adjustable Desk

### Adapt to a Healthier Posture All Day

A height-adjustable base raises and lowers your worksurface for a healthier posture throughout the day. Easily switch between sitting or standing postures at the touch of a button, from 21 5/8" to 47 3/4" off the ground.

- Includes 60"W x 30"D worksurface
- Height-adjustable base
- Worksurface moves up and down
- Changes from seated to standing-height
- Includes memory control that can be set to remember 4 different heights
- Ideal for workstations, shared workspaces and collaborative areas
- Available in two laminate finishes

## HON Perch™ Stool

### Tilt Into a Better Posture

This active seating solution supports seated and standing-height positions to keep you energized and productive all day. Tilt forward to get closer to your work while maintaining a healthy posture.

- Forward-tilt seat design promotes a forward posture and open hip angle
- Seat moves 360° and returns to a center-facing position
- Waterfall seat edge improves lower-body circulation, balance and strength
