Color Coded

Sort with ease!

Slim Jim Recycling Station Kit Recycling Station increases recycling effectiveness and helps facilities achieve sustainability initiatives. Choose from convenient kits of two, three or four waste streams. Slim Jim® containers are sized to fit tight spaces, yet hinged lid inserts allow you to fit large recyclables inside. The containers feature venting channels, making it easier to remove trash liners, integrated rim cinches to keep liners secure, and molded-in handles and base grips to ease lifting and emptying. Snap-in connectors connect container bases without hardware or tools. Color-coded, hinged lid inserts have stream-specific openings to help with sorting. Snap-in billboards hold identifying waste stream decals and are color coded to match the lid inserts. Kits include Slim Jim® containers, color-coded hinged lid inserts, base connectors, color-coded billboards and waste stream decals.
