Smear Proof

Multiple line widths for precision highlighting!

Sharpie

Clearview Pen-Style Highlighter Ergonomic, pen-style highlighter features a unique, see-through tip that eliminates blind spots. SMEAR GUARD™ ink technology resists smearing of many pen and marker inks (let ink dry before highlighting). Innovative, blade-style tip delivers precise highlighting with the ability to select different line widths.

Comfortable

Budget-friendly one-seat solution!

HON.

Convergence™ Chair Supporting the fluid workday, Convergence™ is a union of modern design and business savvy. It's comfortable enough to use as a desk chair, flexible enough to showcase in conference rooms, and supportive enough to handle long hours of brainstorming. Mesh back is breathable for all-day comfort and support and includes an integrated full-width handle to make it easy to move the chair. 3" thick, contoured, fabric seat cushion takes the stress off the lower body throughout the day. Seat fabric flexes and stretches to make the soft foam even more responsive. Lumbar support adds a little extra lower back comfort. Height- and width-adjustable arms move to put the support right where you want it. Your choice of swivel tilt or synchro-tilt control with seat slide puts you in a posture for success. Supports up to 250 lbs. Seat: 20" x 19". Back: 18" x 22". Overall height: 36" to 42". Backed by the HON Full Lifetime Warranty.

Dual Sensing

Detects changes in motion and heat!

8 Channel 1080p HD Video Security DVR Smart detection security system uses dual sensors to eliminate the number of false alarms you receive by a large margin. Heightened detection system is designed to focus in on objects that present more of a threat. You may elect to set your cameras to record 24/7 or schedule recording. Setting your system to motion record with dual sensor technology will help increase the life of your hard drive and make locating important recordings much easier. [↗](#) [↘](#)

8 Channel 5 MP Extreme HD Video Security DVR Smart detection system uses both a passive infrared sensor and motion sensor to detect humans, animals and vehicles. Where heavy rain, bugs and changes in lighting could potentially produce motion alerts on older systems, this new technology detects both changes in motion and heat simultaneously, reducing the potential of false alerts. The weatherproof cameras are intended for use both indoors and outdoors. [↗](#) [↘](#)

Slim Jim Recycling Station Kit Recycling Station increases recycling effectiveness and helps facilities achieve sustainability initiatives. Choose from convenient kits of two, three or four waste streams. Slim Jim® containers are sized to fit tight spaces, yet hinged lid inserts allow you to fit large recyclables inside. The containers feature venting channels, making it easier to remove trash liners, integrated rim cinches to keep liners secure, and molded-in handles and base grips to ease lifting and emptying. Snap-in connectors connect container bases without hardware or tools. Color-coded, hinged lid inserts have stream-specific openings to help with sorting. Snap-in billboards hold identifying waste stream decals and are color coded to match the lid inserts. Kits include Slim Jim® containers, color-coded hinged lid inserts, base connectors, color-coded billboards and waste stream decals.
