

CardScan[®] executive

Full-featured contact manager and desktop business card scanner

CardScan Executive features a desktop business card scanner and full-featured contact management software – ideal for the power user.

- Sleek silver desktop styling, about the size of a small paperback book
- Scans in color in about 3 seconds
- Reads 7 languages from 14 different countries' business cards
- Captures information from email, web pages and other electronic files (not just business cards!)
- Easy-to-use software for searching, sorting, categorizing, mapping addresses, printing labels, and much more
- Includes online backup, web access and updating service
- Works with Outlook[®], Palm[™], Windows[®] Mobile devices, smart phones **plus** ACT![™], Lotus[®] Notes[®], and GoldMine[®]
- For individual use; upgrade-capable to CardScan Team

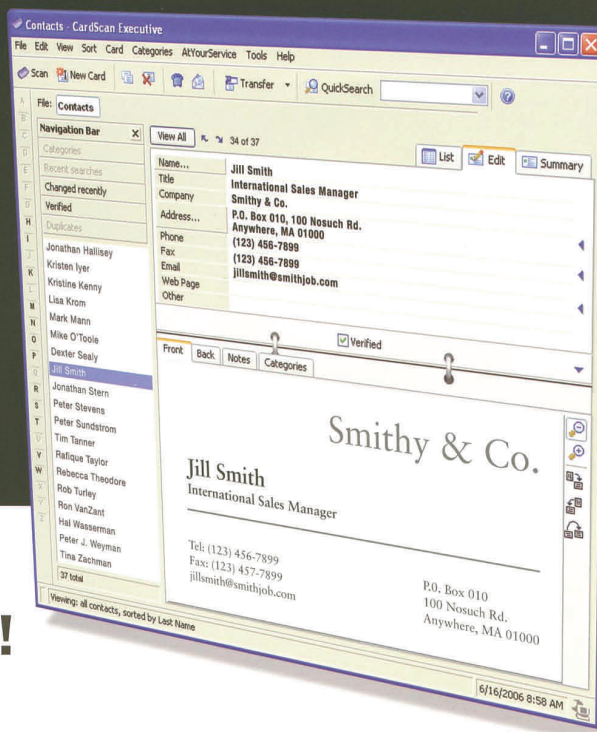

"I think CardScan should be mandatory in every office of every business.... It's that good."

Colin Baird
Account Manager

System Requirements:

- Microsoft Windows XP or Windows 2000
- Pentium or later processor
- For individual use; can be upgraded to CardScan Team for group use

Capture, Organize and Manage Your Contacts!

Accurately scans and reads business cards in seconds and creates a digital address book

Consolidates all your contact data (not just business cards!) using drag-and-drop from email, web sites and other electronic files

Easily categorize contacts, search, sort, de-dupe, print labels, map addresses and much more with CardScan's intelligently designed software
