Problem?

Ever try to use regular file pockets in a file drawer? The sides bulge out and get caught under the side rails, making it virtually impossible to lift them out of the drawer.

Solution!

Globe-Weis® File Cabinet Pockets® have taller sides, positioned higher than the rails. So they come out of the drawer as easily as they go in!

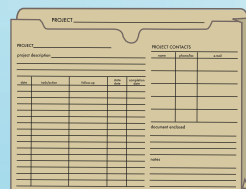

Problem?

Do you spend more time looking for information than acting on it? Or often feel overwhelmed when trying to juggle countless details and multiple projects?

Solution!

Globe-Weis® Project Jackets have printed covers where important details, schedules, and contacts can be noted. Whatever you need to know, you'll find it fast.

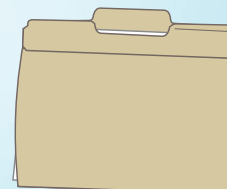

Problem?

With ordinary file folders, the slightest tilt sends papers flying everywhere. It's no wonder people use bands and clips to try to make them more secure.

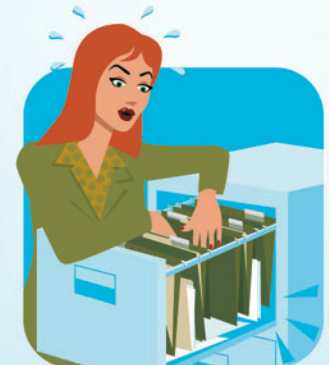

Solution!

Globe-Weis® Secure File Folders™ trap papers on three sides so they won't slide out. With the front cover tucked, they're virtually spill-proof.

Problem?

Ever find papers hiding in the bottom of a drawer? They end up there when they slide into the gaps between ordinary hanging folders.

Solution!

Globe-Weis® Accordion® Hanging Folders' one-piece design eliminates gaps where papers can slide and hide.
